3. The convenor placed before the committee the strategy for overcoming difficulties in placement, for consideration:
- (i) Some student teachers are picked up by the school where they do practice teaching. In this regard, we are lucky in that our students are absorbed by these schools on their own volition: performance of our students during practice teaching attracts the attention of those who matter in the practicing schools. We should seek performance appraisal of such lucky one and use the same for publicising quality aspect of our product.
- (ii) The institute should try to establish personal rapport with the schools and their management bodies. It should seek to utilize services of its own alumni and make use of its personal contacts. We should try our level best to get to know the status of vacancies already vacant or else likely to fall vacant in near future.

Resolutions

1. The committee approved the recommendations reported above and requested the chairman to give effect to them
2. The committee asked the convenor to provide C.V./Resumes to schools having tie-up for practice teaching with the college and make recommend students for vacant teaching posts in various schools of NCR on regular basis.
3. It was also decided the record of the students who get placement in various schools of Amritsar and adjoining districts be maintained and updated on regular basis.
4. the committee also decided to explore the employment opportunities for disadvantaged students
5. The committee also requested the chairperson and the chairman to approach Alumni who have been teaching at various educational organizations for help. Help of Alumni was to be sought regarding the vacancies available in their organization, and regarding the feedback of the placement services offered by the Institute, etc.

The meeting concluded at 4:00 pm with a vote of thanks to the chair.
